Kansas: Help for Homeowners and Renters

Financial assistance for low-income, older, and disabled homeowners and renters · 29 programs listed

Programs are grouped by category, with what each provides, who qualifies, the income limits, and how to reach it. Dollar figures and income limits carry the year they apply to, since they change annually.

WHERE TO START

This page is for Kansas homeowners and renters who are living on a low or fixed income, are getting older, or are living with a disability, and who want to know what help exists with repairs, energy bills, property taxes, and insurance. Verified 2026-07-25 against Kansas state agency and official utility sources. For each program below, this page also says whether sharing your home could affect your eligibility. Where a program does not spell that out, check with the program before someone moves in.

Where to start: for aging in place and home modifications, call the statewide Aging and Disability Resource Center (ADRC) at 1-855-200-2372. For property tax relief, the Kansas Department of Revenue at 785-368-8222 (the free WebFile tool automatically picks the largest of the three refund programs you qualify for). For utility and heating bills, Kansas DCF LIEAP at 1-888-369-4777. For a coverage-of-last-resort insurance question, the Kansas FAIR Plan at 800-777-1513.

If you are thinking about sharing your home: most of the money programs in Kansas count everyone's income, not just yours. LIEAP, weatherization, CDBG repair help, USDA Section 504, and Tenant Based Rental Assistance all add up the whole household, so a home seeker's income counts. The Homestead Refund and SAFESR also require you to report the income of other people who lived with you. The SVR tax freeze uses a different income definition that excludes Social Security, and it is not clear whether it sweeps in an unrelated home seeker, so ask the Department of Revenue first. Programs with no income test at all, where sharing your home changes nothing, include the Cold Weather Rule, Assistive Technology for Kansans, the K-Loan, SHICK Medicare counseling, the Kansas FAIR Plan, and Evergy's standard efficiency rebates.

PLEASE CHECK BEFORE YOU ACT ON THIS

We look up each program on the website of the organization that runs it. Most of this page was confirmed on July 25, 2026. 4 of the 29 entries below are marked **Not confirmed**, which means the program's own website would not open for us. Treat those as a lead worth following, not as settled fact.

Dollar amounts, income limits, and deadlines change, sometimes in the middle of a year. Confirm the details with the program itself before you make a decision about your home or your money. This sheet is information, not advice about your own situation.

No statewide property tax deferral program exists in Kansas. Kansas relief is delivered as refunds, not deferrals.

That overview lists only three programs, the Homestead refund, SAFESR, and the 2022 tax freeze, and describes no standalone exemption for disabled veterans or older adults and no deferral. Unlike many states, Kansas offers no up-front homestead exemption for disabled veterans. A disabled veteran benefits by filing K-40H or K-40SVR.

Programs that work the same in every state

Some of the biggest sources of help are federal and work much the same everywhere, including USDA Section 504 home repair, LIHEAP energy assistance, the Weatherization Assistance Program, and VA housing grants. They are described once, in detail, at homeshareoregon.org/benefits/federal-programs, and the entries above give you the Kansas contacts.

ONE MORE OPTION

Sharing your home is not on this list, but it belongs beside it.

Every program here helps you afford the home you have. Home sharing does something different: it turns a spare room into steady income and company. It is worth considering before you sell, before you move, and before things get harder to manage alone. Learn more at **homeshareoregon.org/share**.
